Corporate Governance

6.1 Composition and Functioning of the Board

Board

The 2016/2017 year end coincided with the end of term of the Board of Umgeni Water and the departure of the Chief Executive, Cyril Gamede. The process of appointing a permanent Board for Umgeni Water is being fast-tracked by the Minister and Department of Water and Sanitation and is anticipated to be completed in the new year.

The Board during the reporting period comprised twelve (12) non-executive Board members and one (1) Executive Board member, the Chief Executive. The roles of the Chairman and that of the Chief Executive were separate as recommended in the King III Report on Corporate Governance (hereinafter referred to as "King III") to ensure the independence of the two positions and the clear definition of roles and responsibilities.

The Chairman of the Board and all other Board members (with the exclusion of the Chief Executive), were independent non-executive directors in the manner described in King III. All Board members executed their legal duties in a professional manner, with integrity and enterprise. In terms of the Water Services Act (Act 108 of 1997), Board members (save for the Chief Executive who is appointed by the Board) are appointed by the Minister of Water and Sanitation ("the Minister").

During the reporting period, the Board was assisted with discharging its responsibilities through the following four (4) committees:

- › Audit Committee
- › Capital Projects, Fixed Assets and Procurement Committee
- › Human Resources and Remuneration Committee
- › Governance Committee

Umgeni Water Board and Committee memberships during the reporting period are shown in **Table 6.1**.

The Board is accountable for the leadership and control of Umgeni Water. Its responsibilities include the development, review and monitoring of strategic objectives, the approval of major capital expenditure, risk management and monitoring of operational and financial performance.

The government of the Republic of South Africa, represented by the Minister and the Department of Water and Sanitation, is the sole shareholder of Umgeni Water. The Board contracts with the Executive Authority, the Minister, through an annually approved shareholder compact and actively engages with the shareholder through various forums during the year.

As recommended by King III the Board evaluates the performance of all divisions including the finance division. This is planned for twice in the reporting year. The Members of the Board have skills that were put to good use in providing leadership, guidance and directing strategy during the period. Overall the Board functioned at a strategic level and delivered outputs in line with its mandate.

Non-executive Board members receive remunerative benefits and fees as determined by the Minister on an annual basis and in line with their terms of appointment. Therefore no Board member is involved in determining his/her own remuneration. Board Members' remuneration is fully disclosed in Umgeni Water's Annual Report. (Page 139).

A Board Charter (reviewed in 2016) provides a framework for fiduciary duties, responsibilities and overall functioning of the Board. The Board Charter is read in conjunction with:

- > The Public Finance Management Act (Act 1 of 1999), as amended by the Public Finance Management Amendment Act (Act 29 of 1999), hereinafter referred to as the PFMA;
- > Treasury Regulations (GG 27338) as amended from time to time;
- > The Water Services Act (Act 108 of 1997), as amended; and
- > The King Code of Governance Principles, 2009 (King III).

Delegation of Authority

A comprehensive delegation of authority framework governs the authority levels for the Board and management. These are exercised through various board and management committees. The Board reviews the framework regularly.

Executive Committee

The Board has delegated the day-to-day running of the entity to the Chief Executive who works with Executives, each heading up a Division, to assist with this task. The Executive Committee is the highest executive decision-making structure in the entity and central to its role is the formulation and implementation of the Board's strategy and policy direction, and ensuring that all business activities are aligned in this respect.

Each Division works towards the achievement of set strategic objectives for a predetermined period. The entity's wholly owned operating subsidiary also works, independently, towards enabling Umgeni Water to fulfil its mandate and contracted obligations.

Company Secretariat

The Company Secretary oversees the portfolio of secretariat, governance advisory services and plays a critical role in legal and governance advisory to the Board, risk and compliance management, and attends all Board and Committee meetings as secretary.

The Board as a whole, as well as, individual Non-Executive Directors and members of the Executive have access to the Company Secretary who is enjoined to provide guidance on

how members should discharge their duties and responsibilities in the best interests of the entity. The Company Secretary continues to oversee the preparation and coordination of the induction and on-going training of Board members and assists the Board and its Committees in formulating annual plans, agendas, minutes, and terms of reference as warranted.

The Company Secretary is responsible for the flow of information to the Board and its Committees and for ensuring compliance with Board procedures. All Board members have access to the advice and services of the Company Secretary whose appointment and removal are a Board matter.

The Company Secretary provides company secretary services to Umgeni Water and its subsidiary firms, is not a Director of the Company or any of its subsidiaries and accordingly maintains an independent and arm's length relationship with the Board and the Executives. Contact details of the Company Secretary appear on page 135.

Some of the executive directors in the holding company (Umgeni Water) sit on the boards of the subsidiaries as non-executive directors, in order to ensure alignment of business processes and culture within the group (refer to Executive's profiles on page 47). Their executive positions in the holding company do not curtail their fiduciary responsibility, as non-executive directors, in the respective subsidiary entities. The group company secretariat enables all three Boards to maintain their distinct fiduciary responsibilities, whilst enhancing the group's collective values.
